**Elliott Davis Technology Solutions, LLC (EDTS) Professional Earns Certification**  
***Patrick Flanagan Earns Citrix Certified Administrator (CCA) Certification***

**GREENVILLE, S.C., Dec. 2, 2008** – Elliott Davis Technology Solutions, LLC (EDTS), a full-service technology consulting firm, announced Senior Network Engineer Patrick Flanagan recently received the Citrix Certified Administrator (CCA) certification.

Flanagan earned the CCA certification by demonstrating product expertise on Citrix Xen Application (Presentation Server 4.5).

Based in EDTS's Greenville office, Flanagan has more than 19 years of information technology experience. In addition to his recently earned CCA certification, Flanagan holds the following certifications: Microsoft Certified Systems Engineer (MCSE) 2003; Cisco Certified Network Associate (CCNA); Certified Novell Administrator (CNA); Watchguard Certified Security Professional (WCSP); CompTIA Security+; and CompTIA Server+.

Prior to joining EDTS in March 2008, Flanagan served in many capacities within the information technology industry through positions with IBM, BMW, Kelmar Industries, Magna, as well as the United States Marine Corps.

He graduated cum laude with a bachelor's degree in business administration from Southern Wesleyan University, and was the recipient of the "Highest Award for Achievement" from Dale Carnegie Training.

EDTS began in 1999 with only two employees and has continually expanded its services and increased its staff. The combined knowledge of EDTS' workforce represents more than 80 years of experience in the IT industry.
